“I simply love people.” *Šajn*

**AT LUNCH**  
**watercolour, 58 x 40 cm**

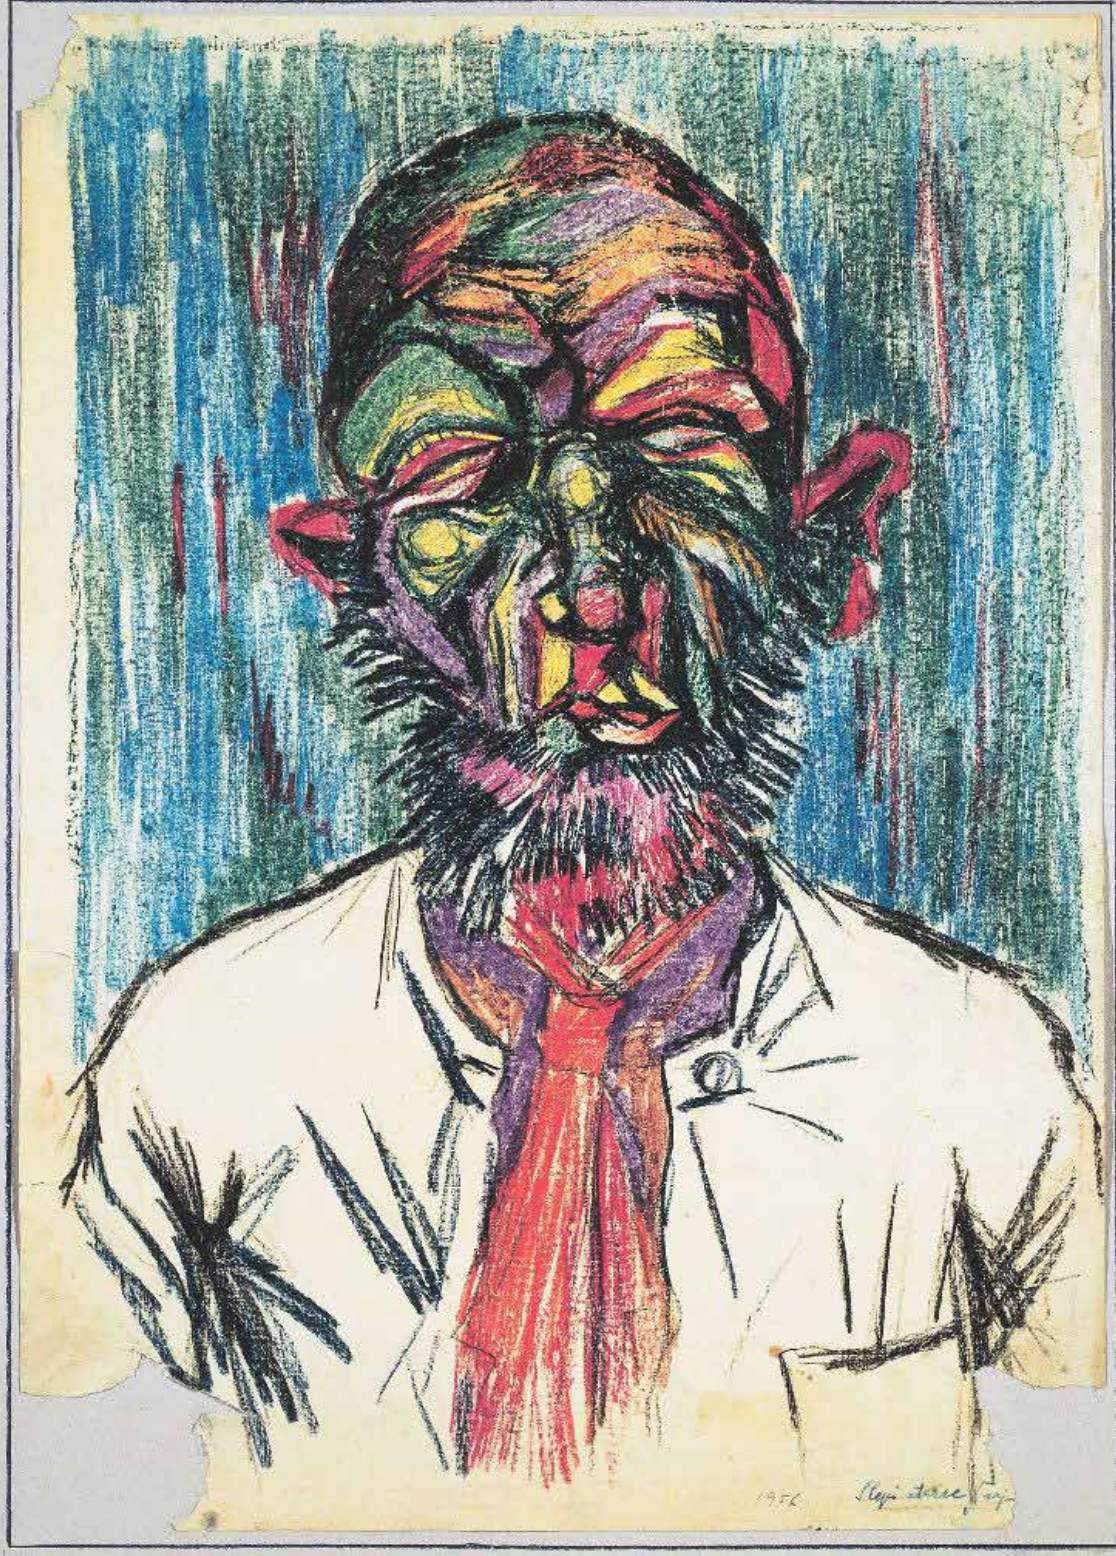

“He painted self-portraits and portraits of family members (e.g. excellent portrait of his mother), acquaintances and schoolmates, various figural scenes from sketches and water colours to oils on canvas, in smaller and larger formats, from accurate and minute moves to swift and expressive ones. He was interested in human body in motion and tales.”
